

FEDERAL GRANT TRAINING

On Tuesday January 27th and Wednesday January 28th, 2015, U.S. Coast Guard MSU Pittsburgh will be hosting Port Security Grant Workshops. These Workshops will be presented by the Federal Emergency Management Agency (FEMA) and are open to anyone who is considering applying for Port Security Grants in this year or in years to come. The policy and application process that will be covered will apply to most Federal Grants.

Cyber security related grant proposals will be highly considered by DHS Port Security Grant Program, so please consider submitting a grant on this topic for the 2015 round of grants.

Each workshop will last 3 hours, and we will have four identical sessions in the two days. Each session will be limited to 20 participants and placement in the sessions will be on a first come first serve basis.

The location of the workshop will be at U.S. Coast Guard MSU Pittsburgh's NEW OFFICE LOCATION:

1041 Washington Pike Suite 300
Bridgeville, PA 15017

This is in the Chartiers Valley Shopping Plaza behind Giant Eagle.
