

Marine Safety Unit Pittsburgh Waterways Information

Allegheny River

Nothing Significant to Report.

Ohio River

Proposed New Bridge (75.5): Pre-application stage. The new bridge will provide a minimum of 800 feet of horizontal clearance. Environmental review underway.

Bellaire Bridge (94.3): Demolition plans have been approved. Demolition date to be determined. *****NOTE:** An object, which appears to be a rope, is currently suspended from the center of the bridge. Please use caution transiting the vicinity.

Marine Safety Unit Pittsburgh Waterways Information

Monongahela River

Liberty Street Bridge (1.1): Discussions concerning rehabilitation project for bridge continue as all involved parties voice interests and safety concerns regarding the current plans and how to mitigate associated risks. The Coast Guard is committed to working with government and industry partners to arrive at the best practicable outcome.

Birmingham Bridge (2.3): Due to construction, an access platform has temporarily reduced bridge's vertical clearance by 4 ft.

Charleroi-Monessen Bridge (41.0): Due to shoaling, L/D red pier light moved 140 feet channel ward to mark edge. Center green range lights have been moved 70 feet channel ward to mark center of navigation channel.

Three Rivers Regatta

While MSU Pittsburgh continues to process the Three Rivers Regatta event, the tentative river closures and openings throughout the three day event are listed on the following page of this document. We at MSU Pittsburgh are committed to optimizing communication with industry to ensure effective and safe transit of commerce during the event. Please contact the MSU Pittsburgh Waterways Management branch for further questions or concerns at 412-221-0807.

Area of Interests

1. Uninspected Towing Vessels

Subchapter M regulation has been published in the Federal Register with an effective date of 20 July 2016. (<https://www.federalregister.gov/articles/2016/06/20/2016-12857/inspection-of-towing-vessels>). A list of FAQ's can also be found on the Towing Vessel National Center of Expertise webpage <http://www.uscg.mil/hq/cg5/TVNCOE/SubM.asp>. Continue to participate in the bridging program in preparation for regulatory requirements in 46 CFR Subchapter M. Some major changes included in, and goals of, this final rule includes:

- Implementation of need for certificates of inspection on all applicable vessels;
- Establishment of third-party organizations (TPOs) for auditing and surveys; and
- Continuous compliance through use of the Towing Safety Management System (TSMS) option utilizing authorized TPOs.

To schedule a re-exam, please contact the Towing Vessel Branch at (412) 221-0807.

2. Random Chemical Testing Requirements for Marine Employers, Sponsoring Organizations and Mariners

The Coast Guard published Marine Safety Advisory 06-16 to restate and reemphasize the importance of a properly administered and applied random chemical testing program to prevent drug misuse as a causative factor in marine casualties. Marine employers, sponsoring organizations and mariners subject to chemical testing are reminded of their responsibilities to ensure random chemical testing programs are both conducted in accordance with regulatory requirements and achieve their intended purpose of deterring, detecting and preventing drug abuse within the maritime industry.

3. Enjoying the Waterways in a Safe (and Legal) Manner

Safety Alert 05-16 seeks to raise awareness regarding federal safety requirements for vessels carrying any paying passengers onboard a vessel on navigable U.S. waters, and highlights the various internet-based websites that customers may find a legal, or sometimes non-legal, uninspected or small passenger vessel for hire.

4. Coast Guard releases updated CG-2692 form for marine casualty reporting

The Coast Guard released a new version of the CG-2692 form (series), covering reports of marine casualties, commercial diving casualties, or outer continental shelf-related casualties.

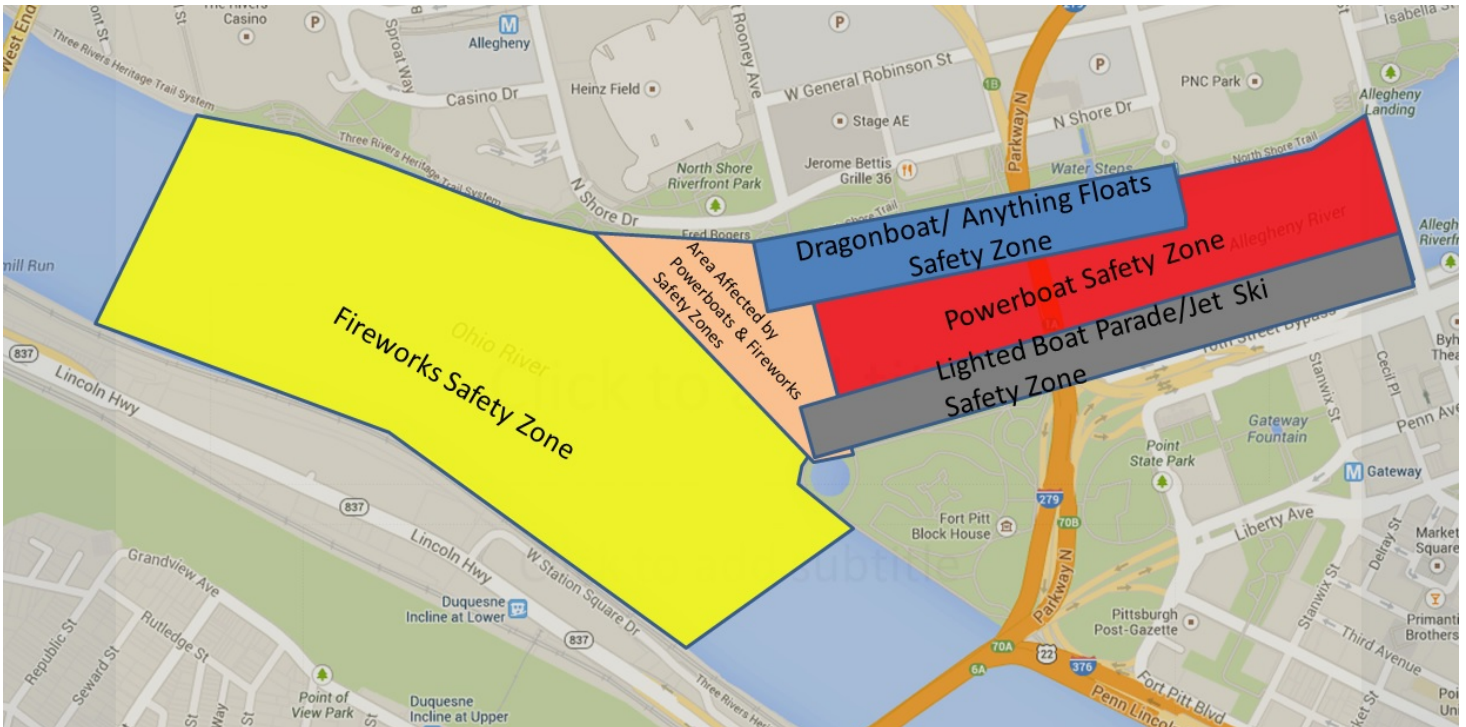

The new version of the form encompasses several changes, including, but not limited to:

- Revised addendum forms for barge involvement, personnel casualties, witnesses and chemical testing;
- Streamlined data fields to align with statutory and regulatory language; and
- Ability to be filled out entirely electronically, including the use of a digital signature.

To access the forms, please visit Coast Guard Homeport. On the left-hand side of the screen, click 'Investigations'. The new CG-2692 forms are located under the header 'Casualty Reporting Forms'.
