

Navigation Report 6-8-22

1. Fairly uneventful month. Not much to discuss related to high water and/or conditions.
2. Huntington District Repair Schedule
 - Belleville L&D (currently working, Delays have been fairly minimal compared to what we have seen in the past) (job is on schedule)**
 - Repair Upper Main Chamber Miter Gates and Filling and Emptying Culvert System Wire Rope Replacements
 - 2 May - 24 Jun Main Chamber Closure
 - Greenup L&D (currently working, Delays have been fairly minimal compared to what we have seen in the past) (Job is on schedule)**
 - Upstream Main Chamber Miter Gate Repairs and River Wall Filling System Culvert Valve Repair
 - 1 May - 29 Jun Main Chamber Closure
 - Winfield L&D**
 - Dam Roller Gate #1 Apron and Side Seal Repairs
 - 19 Aug - 21 Oct No Closure

Overall un-eventful month. We do need to remember we have 4th of July and boating season here / rapidly approaching. Please make all mariners aware! It never hurts to re-iterate things and keep everyone on their toes so we have no incidents or anything unexpected happening!
