

Who Works the Rivers

Thursday, October 6, 2022

Eighty-five students attended this educational event, hosted and arranged by our Association in partnership with Riverworks Discovery

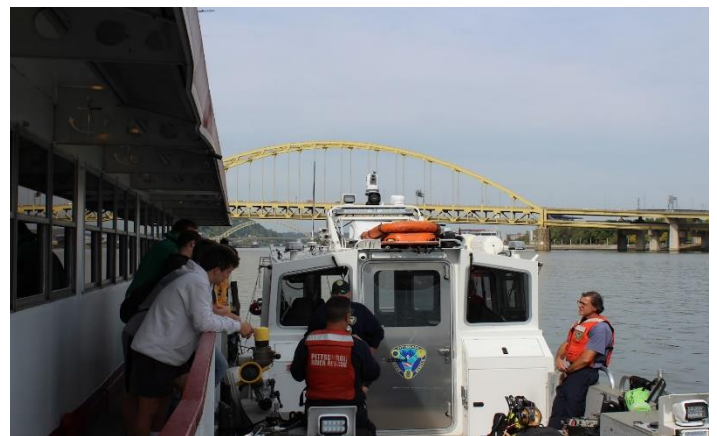

Students receive hands-on training in line handling

Kristen Stojakovich of Campbell Transportation presents during the welcome session

Students speak to Pittsburgh River Rescue and learn about their jobs and equipment

US Army Corps of Engineers, Marion Hill Associates, US Coast Guard and others man stations advising students of employment opportunities and "What it Takes" to get the job
